3. Affect the District's authority to take action against any person concerning new contamination or the exacerbation of an existing contamination after this Certificate has been issued;
4. Affect the Department's authority to take action against any person concerning previously undiscovered contamination at this Property after this Certificate has been issued;
5. Prevent the District from taking action against any person who is responsible for long term monitoring and maintenance, for failure to comply with the cleanup action plan or failure to maintain institutional controls;
6. Prevent the District from taking action against any person who does not comply with the conditions on the permissible use of the eligible Property contained in the Certificate;
7. Prevent the Department from requiring any person to take further action if the eligible property fails to meet the applicable cleanup criteria set up in the cleanup action plan; or
